| <p>3.</p>   | <p><b>Public Questions</b><br/>                 The members of the public attended in relation to item number 12 – Village Green parking. There had been a good response to the questionnaire and AR circulated the results.<br/>                 Although at times problematic those who attended said that the parking on the green had not affected them directly and they are concerned that if it is restricted the problem will be just moved elsewhere.<br/>                 The biggest issue is on one of the corners and this is mainly delivery drivers/utilities cutting across.<br/>                 There had recently been damage caused to rubbish bins and the manhole cover. Xxx kindly offered to supply a rock to cover the manhole cover.<br/>                 If any measures/signage are put in place the preferred option would be for rustic signage requesting ‘No Parking’ on the village green.</p> |                  |
| <p>4.</p>   | <p><b>County Councillor Repot</b> – C’Ilr Williams reported the following<br/>                 Full Council met on Tuesday 19 October. Climate change activists stages a protest before the meeting and at one time the meeting was suspended because of some noisy outbursts by some during a debate on the Climate and Ecology private members bill that is currently at the initial stages of going through Parliament. The motion declared that Wiltshire Council declare its support for the bill and write to all Wiltshire MPs to support it. For various reason the motion failed, mainly that it</p>   |                  |

|    | <p>was advocating unelected citizens assemblies and that there is already a Climate Bill in the final stages of being approved in Parliament.</p> <p>A full report of the meeting will be found on the Council website when published.</p> <p>Tidworth Area Board meeting will be Monday 22 November and funding is available with nearly £30K of capital funding and £6705 in the Health and wellbeing fund. Not sure if it will be a face-to-face meeting or virtual. An agenda meeting has not taken place, but a request has been made that a senior Highways officer and the cabinet member attend to discuss traffic issues on the roads in our community area. The agenda will be published in due course and can I encourage representation from the parish council.</p> <p>The Health and Wellbeing Group met on the 30 September and we had an update on the Covid Booster programme from the Castle Practice and a presentation from Warm and Safe Wiltshire which was primarily around advice, guidance and funding. This very important now due to the energy crisis and winter approaching. Funding, including help with bills, updating old equipment and even free replacement boilers are available to those you need assistance. There was also a report on a Prevention and Wellbeing Team which will replace the Local Area Coordinators. Previously Tidworth Community was not covered by the Local Coordinators Scheme, but the new Team will cover the whole of the County. The Team will work with individuals on a one-to-one basis but will not get involved in any community groups.</p> <p>Progress of the enforcement file (ref: 20/00835/ENF) relating to Thickett Cottage, Malthouse Lane, Upper Chute. Planning permission has now been granted, under the application reference PL/2021/07312, for the variation of condition 2 and 5 of planning permission 20/01143/FUL.</p> <p>Notice and Indicative Plan for a Temporary Traffic Regulation Order (TTRO) for HIPPENSCOMBE, TIDCOMBE &amp; FOSBURY AND CHUTE COMMENCING 12th JANUARY 2022.</p> |  |
